My studio had a fabulous time using **Where in the World is Mr. Arpeggio!** I had 30 students participate (ages 5 - 15). They had fun earning the postcards with the composer's biographies. The game board is a very durable, thick vinyl and looks great on the studio wall. One of my students said, "This game makes me want to practice more!"

A MUSICAL JOURNEY AROUND THE GLOBE

AUSTRALIA | CANADA | SOUTH KOREA
THAILAND | USA | WEST AFRICA

\$49.95

Music teachers have an opportunity to share awareness & appreciation of cultures with their students.

World music expert, Dr. Deborah Brener, has written an easy-to-use, comprehensive introduction to the music, culture, instruments, and geography of six countries. Are We There Yet? A Musical Journey Around the Globe© is a unique multimedia program with integrated activities to keep students engaged.

Are We There Yet? A Musical Journey Around the Globe does an exceptional job of promoting cultural appreciation and understanding. My students eagerly engage with this program and the music, video clips, and activities in it.
